## NEW IN 2009!!! Tween Sessions

 Frawgbyte Photography

Portraits \* Events \* Weddings\* Seniors\* Tweens

Tel: 248-529-3647

## Finally! Pics for my TWEEN

You know how it is—we take billions of photos of our kids when they are babies. It's an investment worthy of a lifetime of memories. In the middle years we endure cheesy school mug shots, family snapshots and cell phone photos of our kids. Finally, when our kids are seniors we invest in senior photos.

Check it out!

And that can be quite an investment.

Well we have **GOOD NEWS** for you.

Frawgbyte Photography now offers a **FULL SESSION** of outdoor on-location photos of your tween. It's the exact same

session we give our High School seniors at a **FRACTION OF THE COST.**

Let us help you preserve those middle years memories.

## Here's what's up:

Typical senior sessions are expensive – let's be honest about that – and it is quite an investment. Maybe Frawgbyte isn't typical when it comes to our prices. We think they are low and reasonable and targeted for the middle American. For instance our senior sessions can last up to 3 or 4 hours with numerous clothing changes and locations and take anywhere from 100 to 300 photos. We charge \$50 for that. Then we charge \$10 for a proof CD (with the entire session) and if you want a proof book we select 50 of the best shots and put them in a spiral-bound book for \$40. We put the session online (all of the photos) for free and you purchase on-line.

## Cost for Tween Sessions:

Our pricing makes sense for Tween Sessions. We would still charge a \$50 location fee for one tween if the session is done here in our area. For areas outside of 20 miles we have a .43 surcharge per mile. We also have the "Tween Buddy / Sibling" promotion. If your child has a tween brother / sister or a tween friend that wants to join in the session we can add that tween to your session for \$20 for the first add on and \$10 for the second. This is beneficial in several ways.

You can split the location fee however many different ways as you have tweens in the session  
The fuel surcharge can be split  
For families with several tweens this is a great value.

## It Gets Better:

The greatest catch for our program is the availability of our full session CD purchase option per family. (e.g. if you have two or more siblings we will put them all on one CD. Friends would have their own CD) For seniors the full session CD (full-resolution with no proof watermarking) is \$150.00. For our Tween Sessions we want to make them available for \$100.00. You get every photo from the session with limited copyright release. (meaning you can pretty much do anything with them – print, email, Photoshop, etc. except take credit for them or sell them)

## Schedule Your Session:

We are accepting session appointments beginning in April 2009. Email us at [photos@frawgbyte.com](mailto:photos@frawgbyte.com) to schedule your session.

We will mail you an information packet with details of your session.

Sincerely,

Yvette Abbott

President—Frawgbyte LLC
